Seal of Biliteracy Workgroup, Language Opportunity Coalition

Guidance for STAMP retakes:

1) A student can have the test "reset" for one domain or 2 related domains (listening/speaking; reading/writing) for $13.

2) If a student wants 3 domains or 2 unrelated domains it will be $17.50

3) Coordinators need to contact Avant with the a) the log in name, b) the test code, c) the domain(s) affected for a reset - followed (or preceded?) by payment

4) A point to consider: There are LOTS of listening and reading questions, but the writing and speaking prompts (which are delivered based on the scores on the reading and listening test) are limited and are only swapped out twice a year. So, a student who retakes the writing part multiple times (like more than twice) is likely to have a prompt repeated - which is not actually a proficiency test any more. Our rep urged us to consider protocols with multiple retakes of the STAMP.
